COMPLETE 4 PIECE MATCHED SET OF LUGGAGE

Unbelievably Priced at ONLY $2.98

Yes, that price is correct. Only $2.98 for the complete 4 piece set. Not $2.98 each, but $2.98 complete for all 4 pieces. And, there is nothing else to buy . . . no extras, no additions. Its modern appearance and wide-stitched simulated leatherette material will amaze you with its good looks.

IMPORTED AND MASS PRODUCED TO MAKE THIS PRICE POSSIBLE

This tremendous bargain is possible only through the use of pressed chip-board. This wonderfully versatile material bends around three sides and is bonded by sturdy wide stitching to the overlapping closing. Snap locks and handles are rivered in place. The big one has extra metal stripping for strength and long wear. Inside has laminated modern design print. Each piece fits inside the next larger which saves your storage space and makes our shipping easier.

NOT FANCY LUGGAGE — BUT USEFUL, PRACTICAL

You will be thrilled and delighted with the many, many uses you will find for this set. It will make a marvelous gift and your thoughtfulness will be appreciated for such a long time. Lightweight, it avoids the silly situation where the luggage weighs more than the clothing carried. When this offer was first made to us by the overseas company we couldn't believe our ears, but we were delighted when we saw it just a few days ago—and you will be too. Each piece serves a specific purpose such as vanity and cosmetic case (8"), personal Valet (10"), overnight case (12") or family size (14").

Remember, the complete price for all 4 matched pieces if luggage is only $2.98. Because of its size, we are forced to ask for an additional 65¢ shipping charge.

10 Day Free Trial

Simply fill in the coupon and when your 4 piece matching set of luggage arrives, pay the postman only $2.98 plus C.O.D. and shipping charges. Then, even use them for 10 full days. If you are not 100% delighted then simply return them for your full purchase price refund.

MONEY BACK GUARANTEE

GUNS THAT WON THE WEST

The Spencer Repeating Rifle was born because of a need. Men of that era in American History needed, and desperately, an effective multi-firing cartridge rifle. Both the Henry and the Spencer repeating rifles made their appearance at almost the same time. C. M. Spencer's patent preceded Henry's by seven months. Patent was granted to C. M. Spencer, of South Manchester, Conn., under the date of March 6, 1860.

Army and Navy officials tested both the Henry and the Spencer, and the latter was declared to be superior. In fact both factions in the War between the States, declared that the Spencer was the best weapon in use during the Civil War. After the war, and during the Indian wars, 30,000 .50 caliber Spencer carbines were issued to the troops in the West. Custer's smashing victory over the Indians in the battle of Washita in 1868 was due mostly to the fact that his Seventh Cavalry was armed with the Spencer Repeating Rifle. Later, the army decreed that the Spencer rifle be superseded by the single shot Sharps, and then by the single shot Springfield. It was the latter weapon that Custer's men carried when they rode to disaster and death against the Sioux and Cheyenne at the battle of the Little Big Horn.

Thousands of these rugged Spencer weapons were in use on the great plains by Mountain Men and Buff hunters, until the last of the great herds were destroyed in about 1885. The Spencer Repeating Rifle undoubtedly played a major role in the subduing of the Indian tribes and the winning of the great Western frontier.
